

FWDfit® Base Layer I

United's lightest base layer provides next-to-skin comfort

Flat seam construction eliminates chafing from gear

Wicks moisture and dries quickly

Microban® antimicrobial protection resists odors

Made in the U.S.A. – Berry Compliant

NEW COLOR!

Now available in Tan 499

FF1

FWDfit® Layer I fabric is a 3.5 oz interlock knit. This light-weight fabric has natural stretch and is soft against the skin. Its inherent breathability provides maximum comfort. This fabric is ideal for mild weather conditions.

The shirt is constructed with set in sleeves and dropped shoulder seams to allow protection from gear and comfortable range of motion. The sturdy flat seam construction provides long lasting durability.

Our fabric's Microban® antimicrobial protection prevents odor and prolongs the life of the fabric. Its unique wicking properties provide for quick moisture evaporation and air drying.
