

# Flight Deck Jersey

United's Flame Resistant Mock Turtle Neck

---

*Constructed with 4-way F/R stretch fabric*

---

*Mock turtleneck design with thumbholes*

---

*Fabric has antimicrobial and wicking properties*

---

*Made in the U.S.A. – Berry Compliant*

---

United's flight deck jersey is constructed from inherently flame resistant fabric which is blended with spandex to achieve maximum stretch. Combined with antimicrobial and wicking finishes, this fabric will allow freedom of movement while keeping the user dry and fresh.

These garments are constructed with flat seams to reduce chafing and they have thumb holes for convenience.

**Berry Compliant**

**F11C103 Flight Deck Jersey**
