Flame resistant **and** comfortable with wicking and antimicrobial.

Fortiflame® Accessories are designed to provide additional protection from the environment while maintaining flame resistant standards. Our hot weather accessories are made from a single layer of fabric for basic protection. Our cold weather accessories have two layers for additional protection from the environment. Our FR sock is made from the same yarns as our fabrics. Fortiflame® Accessories will also keep the wearer dry from excessive moisture and is treated with Microban® anti-microbial to resist odors.

Berry Compliant
