*Microban® antimicrobial protection resists odors*

*Wicks moisture for comfort & dries fast*

*Made in the U.S.A. – Berry Compliant*

**NEW COLOR!**  
Now available in Tan 499

## FR4

Fortiflame® Layer IV fabric is a blend of modacrylic/rayon/nylon yarns at 8.0 oz./sq. yard. This single-sided fleece fabric is inherently flame resistant and has "0" after flame or melt/drip during test method ASTM D 6413-11. The garment has a smooth outer layer for ease of layering and is soft against the skin for comfort. It will provide maximum protection in extreme environments, while meeting stringent flame resistant standards. Fortiflame® Layer IV fabric will keep the wearer dry from excessive moisture and is treated with Microban® anti-microbial to resist odors.

### Berry Compliant
